

Gladson Made to Measure Belt Program

As the name implies, Gladson belts are crafted by hand from fine single skin leathers in a number of varieties:

Smooth French Calf, Italian Pebble Calf, Suede, Mock Crocodile and Mock Lizard.

Any belt can be individualized with colorful top stitching with belt edges painted to match.

Belts can be personalized with initials, name or motto. Hardware is solid brass made in Italy with natural or nickel finish.

Sized to order of course.

HOW TO MEASURE A BELT

How to measure a belt size

A- is the fold, where the leather meets the buckle

B - is the middle hole of the belt

C- Lay your belt flat and measure from A to B

This measurement is generally equal to your customer's waist measurement, plus one inch.
